Allowable Subject Matter

The following is an examiner's statement of reasons for allowance: The prior art teaches the use of a camera that can access a memory having a plurality of folders that store a plurality of image files to each of which a file number is assigned. However, the prior art does not teach the use of an acceptor for accepting a selection operation to select any one of a plurality of folders which contain a plurality of pointers wherein the first pointer points to a folder selected by the selecting operation, a second pointer to point to the plurality of folders and a third pointer. Wherein these pointers are used in the changer to change the point destination of the second pointer and the third pointer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to James M. Hannett whose telephone number is 571-272-7309.
